

Connect Atlanta 2016

Healthcare Industry Workshop

Time	Agenda Item	Description
10:00am – 10:15am	Welcome and Introductions – Jeff Pool, Director EUC Healthcare Sales	
10:15am – 10:45am	Industry Keynote	
10:45am – 11:30am	AirWatch Roadmap - Impact on Healthcare Wayne Hanson, Snr Director Sales Engineering	Learn about the latest updates on how key Airwatch and Workspace ONE™ developments apply to healthcare. Includes Q&A with an industry expert.
11:30am – 12:15pm	Delivering the Digital Clinical Workspace	Join us for a customer panel session exploring how the Digital Clinical Workspace can create new opportunities to provide truly anywhere any device access to providers to deliver faster, informed patient care.
12:15pm – 1:00pm	Networking Lunch	
1:00pm – 2:00pm	Driving Patient Engagement - Hospital Owned Mobile Devices for Patient Use	HCAHPS, patient engagement and patient activation are driving an increasing number of projects targeted to how healthcare IT can be applied to patients within, and outside of the hospital. This customer panel will explore some of these projects and their impact.
2:00pm – 2:45pm	Securing PHI in an anywhere, anytime access world	More people want more access in more places. This panel session will discuss how leading healthcare organizations are addressing the security vs usability dilemma.
2:45pm – 3:00pm	Break	
3:00pm – 3:45pm	The Internet of Healthcare Things	There seems to be an almost endless list of potential healthcare connected devices from implantable micro-devices to beds. This session will discuss the types of projects that will be a priority for healthcare IT over the next 12 months.
